TECHNICAL SKILLS

Languages & Tech: Java, JavaScript, TypeScript, C, Python, SQL, NextJS, NodeJS, ReactJS, ExpressJS, Tailwind

Libraries & Tools: Shadcn UI, Clerk, Git, Postman

EDUCATION

JAIN (Deemed-to-be-University)

Bangalore, India

Bachelor of Engineering in Computer Science and Engineering | CGPA: 8.2/10

2022 – 2026

Relevant coursework: OOP, DBMS, Operating System, APIs, Data Structures and Algorithms

PROJECTS

Expense Tracker

Jan 2025 - Present

- Developed a full stack expense tracking app that allows users to securely manage and categorize their spending.
- Utilized **React.js**, **Express.js**, **MongoDB**, **Node.js**, and **JWT authentication** for a secure and responsive interface.
- Integrated features like chart visualization (Recharts), file upload (Multer), and real-time notifications (react-hot-toast) for enhanced user experience.
- Result:** Improved personal finance monitoring; reduced manual expense tracking time by 80%.

Drive: File Management System

Dec 2024 - Present

- Built a Drive clone enabling file uploads, sharing, and intuitive folder navigation with a clean user experience (UX).
- Applied **OTP-based user authentication**, ensuring robust security and smooth access management.
- Built using **TypeScript**, **Next.js**, **Appwrite**, **Tailwind CSS**, and **Shadcn UI** to deliver a modern interface.
- Result:** Delivered a seamless and efficient file management system with improved user experience and security.

Personal Portfolio Website

Aug 2024 - Present

- Designed and developed a responsive portfolio website to showcase my skills, projects, and professional milestones.
- Utilized **TypeScript**, **Tailwind CSS**, and **Aceternity UI** to craft a clean, interactive, and elegant user experience.
- Implemented a mobile-first, fully responsive layout to ensure optimal accessibility across devices.
- Result:** Boosted professional visibility and personal branding with an engaging and well-structured digital portfolio.

EXPERIENCE

Open Source Contributor - Leetcode Whisper Chrome Extension

Nov 15 - 2024

- Contributed to the **Leetcode Whisper** Chrome Extension by YouTuber Pyush Garg, a tool planned to assist developers with coding prompts and solutions.
- Designed the **Pop-up UI** of the extension, enhancing the user experience upon clicking the extension icon.
- Result:** Pull request successfully merged, improving the overall interface and usability of the extension.

ACTIVITIES & CERTIFICATIONS

Active GitHub Contributor: Regularly contribute to GitHub, maintaining a portfolio of diverse projects, and engaging in collaborative development to improve coding practices.

Certificates:

- [Linux Fundamentals - Coursera](#) April, 2025
- [DSA with Java – Apna College](#) April, 2025
